6. Purchase goods

- Click Application for transaction to check details
- Point Approval must be checked
- Input other related details
- Click Apply for trade

○ Apply for transaction

신청자	name test3 nick test3 id test3
price	<input type="text" value="10"/> * 원
Approval	<input checked="" type="radio"/> Point Approval <input type="checkbox"/> 10 Pay for points The current point is 18,950 It is a point. When paying with points, if you enter a lower amount than the posted amount, the transaction will not proceed. If you pay with points, the transaction will be confirmed. You can deposit money by asking the seller to provide your account number.
Phone number	<input type="text"/> Leaving your phone number can be more advantageous during transactions.
Address	<input type="text"/> <input type="button" value="Address Search"/> <input type="text"/> <input type="text"/>
Email address	<input type="text" value="test3@gmail.com"/>
Transaction Method	<input type="checkbox"/> direct transaction <input type="checkbox"/> parcel transaction Please select at least one transaction method.
What you want to say	<input type="text"/> Please write down what you want to say to the other person. If it is a direct transaction, please suggest the time and location of the direct transaction. If it is a courier transaction, please write down the courier fee, courier company, and message when sending the courier.

6. Purchase goods

- When a purchase application is made, the sales amount is placed in escrow first
- Approval is processed when the transaction is normal after the seller delivers via courier and conducts the transaction directly

The screenshot displays a user interface for a digital wallet. At the top is a dark purple header with the text "My wallet". Below this are two light blue boxes: the first shows the "Wallet address" as "0x7bebb8b43482dad3f069c078222391f4b0fce9b4", and the second shows "Points held" as "18,940". A transaction history section at the bottom lists two entries, both titled "Pay with points at the market - Escrow storage". The first entry, dated "2023-09-26 11:34:59" with an "expiration 230926", shows a balance change of "-10". The second entry, dated "2023-09-21 14:32:10" with an "expiration 230921", shows a balance change of "-50". A blue arrow on the left side of the screen points from the text "Approval is processed" in the list above to the first transaction entry in the history.

- Once the transaction is completed, the sales amount will be credited to the seller's wallet

The image shows a user interface for a wallet. At the top is a dark purple header with the text "My wallet". Below this are three light blue rounded rectangular boxes. The first box contains the text "Wallet address". The second box contains "Points held" on the left and the number "74" on the right. The third box is outlined in red and contains a transaction record: "test3From 10The transaction amount has been paid." on the first line, "© 2023-09-26 11:40:42" on the second line, and "+10" on the right side. A blue line starts from the text "Once the transaction is completed..." and ends with an arrow pointing to the transaction record box.
